This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

WILLIAM PICK

HAVING originally collected the PEDIGREES of a number of the most celebrated Horses in the Kingdom, chiefly for his own amusement, they were found so useful, as to be occasionally resorted to by Breeders and others. This induced him to extend his plan, and in the year 1786, to publish a careful collection of all the Pedigrees it was then poſsible to obtain. The work was well received by the Public, and met with a ready sale. Since that period he has been often solicited to republish it,—the Work being extremely scarce. He therefore entered into engagements with Mr. BARTHOLOMAN for that purpose: It was however judged neceſsary to extend the original Plan, and to give the PEDIGREES and PERFORMANCES of every HORSE and MARE that have appeared on either the British or Irish Turfs, and also to add an account of every Arabian, Turk, and Barb that have been brought into these Kingdoms.

The Author doubts not but the Alphabetical Arrangements, in the Year in which the Horses, &c. were foaled, and the Account of their various Produce;—the distinct List of the Winners, from their commencement,—of the Royal Plates in England, Scotland, and Ireland,—of the Great Subscriptions at York,—of the Gold Cups at Richmond, and Doncaster,—of the Jockey-Club Plates, the 1200gs Stakes, and the Weight and Scales Plates at Newmarket,—with the Indexes to each Volume, will be highly acceptable to the Public.

In order to render the Work still more valuable, the Prince's, Oatland's, and other great Stakes at Newmarket, —the Derby and Oaks' at Epsom,—with every Stakes of note in the Kingdom, will be given, *from their commencement*, in the succeeding Volumes of this Work.

YORK, May 2, 1803.

A. BARTHOLOMAN,

PUBLISHER of THE YORK HERALD, a Paper much circulated in every part of the kingdom, and especially amongst Gentlemen any way connected with the TURF, was induced from the high opinion he had formed of Mr. PICK's abilities in whatever concerned RACING, to engage him to assist in managing that department of his Publication. After a long trial he found every expectation answered. On inspecting Mr. Pick's Manuscripts of PEDIGREES and PERFORMANCES, he was convinced they contained matter of much information, greatly wanted by Sportsmen, Breeders, and Purchasers; and, on advising with several Friends, he determined to undertake the present Work.

It was originally intended to comprise the TURF REGISTER in TWO VOLUMES; and it was so announced: The Publisher finds this will not be possible, on account of the very great increase of SPORT, and of the many Horses of note, which have started and been in the STUD since the beginning of the year 1764, the period when the SECOND Volume commences. The Work will therefore make THREE Volumes, instead of TWO. The Publisher, however, must observe, that this alteration will be an advantage; as it will allow ample room for giving all the Performances and Historical Memorandums full and complete as in this Volume, and thereby render the Book of more general use.

By thus presenting the Performances along with the Pedigrees, Gentlemen will be enabled, almost at one view, not only to trace the BLOOD, but the ABILITIES of the Sires and Dams of their Horses; and they will likewise have the satisfaction of knowing, whether a judicious MIXTURE has been attended to by CROSSING. This they could not before attain, without being obliged to consult fifty or sixty Volumes of Racing Calendars, by Cheny, Heber, Tuting, Fawconer, &c.

This FIRST VOLUME contains a complete Statement of Pedigrees, Performances, &c. up to the year 1763, inclusive, alphabetically *arranged, as the Horses,* &c. were foaled, with

Notes, giving an account of such as were not of so much consequence as to be inserted in the body of the Work, and who were rarely noticed: alſo complete Indexes of the Contents of the Volume. This plan will be adhered to in the succeeding TWO Volumes; and by these means each will form a complete ÆRA of TURF INFORMATION.

It was intended that the Public ſhould have been ſooner in poſſeſſion of this REGISTER; but the intention was prevented by waiting for correct accounts of many of the Pedigrees from different parts of the Kingdom, and by the great labour and time required in ſearching into all publications relative to the Turf for proper arrangement.

The Publiſher, however, flatters himſelf, when it is completed, which will be early in 1804, he and the Author will have preſented to the Public, a Work which will add credit to the BRITISH and IRISH TURFS, and will fully illuſtrate the great Patronage, Induſtry, and Care, that have been put in practice by the firſt Perſonages in theſe NOW happily united Kingdoms, and by the Nobility and Gentlemen of both, to render the HORSE bred there—for ſize, ſtrength, ſwiftneſs, beauty, and action, either for the Courſe, the Chaſe, or the Road, ſuperior to that of any other part of the world, and, conſequently, an object of national Importance.

The Publiſher cannot conclude, without returning his moſt ſincere acknowledgments to thoſe Gentlemen who have, in the moſt polite and friendly manner, greatly aſſiſted him and the Author by their valuable Communications. He at the ſame time ſolicits from thoſe and other Gentlemen, any information that they may deem of uſe to the TURF REGISTER.

THE BRITISH TURF.

THE TURF REGISTER.

DRAGON,

The Property of TREGONWELL FRAMPTON, *Esq. of Moreton, Dorsetshire.*

MR. FRAMPTON was Keeper of the Running Horſes at Newmarket, to their Majeſties William the Third, Queen Anne, George the Firſt, and George the Second. He was ſtyled, for a great number of years, "The FATHER of the TURF," and died on the 12th of March, 1727, aged 86.

This extraordinary Character was born in the Reign of King Charles the Firſt, when the Sports of Horſe Racing commenced at Newmarket: He was owner of the celebrated Horſe DRAGON, who ran ſeveral times there with great ſucceſs, but the account thereof, as alſo that of his Pedigree, has been for many years loſt.

The moſt remarkable event in the Lives of this GENTLEMAN and his Horſe DRAGON, is moſt pathetically depicted by *Dr. John Hawkeſworth* (in No. 37 of the *Adventurer*) in the following words; ſuppoſed to be ſpoken by the Horſe in the Elyſium of Beaſts and Birds.

"It is true," replied the Steed, "I was a favourite; but what "avails it to be a favourite of caprice, avarice, and barbarity? My "tyrant was a wretch, who had gained a conſiderable fortune by "play, particularly by racing. I had won him many large ſums; "but being at length excepted out of every match, as having no "equal, he regarded even my excellence with malignity, when it "was no longer ſubſervient to his intereſt. Yet I ſtill lived in eaſe "and plenty; and as he was able to ſell even my pleaſures, though "my labour was become uſeleſs, I had a ſeraglio, in which there "was a perpetual ſucceſſion of new beauties. At laſt, however, "another competitor appeared: I enjoyed a new triumph by an-"ticipation; I ruſhed into the field, panting for the conqueſt; and "the firſt heat I put my maſter in poſſeſſion of the ſtakes, which "amounted to ten thouſand pounds. The proprietor of the mare, "that I had diſtanced, notwithſtanding the diſgrace, declared with "great zeal, that ſhe ſhould run the next day againſt any gelding "in the world for double the ſum: my maſter immediately accepted "the challenge, and told him, that he would the next day produce

gelding that ſhould beat her: but what was my aſtoniſhment nd indignation, when I diſcovered that he moſt cruelly and frauulently intended to qualify me for this match upon the ſpot; nd to ſacrifice my life at the very moment in which every nerve hould be ſtrained in his ſervice!

'As I knew it would be in vain to reſiſt, I ſuffered myſelf to be ound: the operation was performed, and I was inſtantly mount-d, and ſpurred on to the goal. Injured as I was, the love of lory was ſtill ſuperior to the deſire of revenge: I determined to lie as I had lived, without an equal; and having again won the ace, I ſunk down at a poſt in an agony, which ſoon after put n end to my life."

When I had heard this horrid narrative, which indeed I remembered to be true, I turned about in honeſt confuſion, and bluſhed at I was a man!

BASTO,

ed by Sir WILLIAM RAMSDEN, *Bart. of Byram, near Ferrybridge, Yorkſhire; and ſold, when young, to the Duke of* DEVONSHIRE.

He was got by the Byerly Turk; his dam, was called Bay Peg, daughter of Leedes's Arabian, (ſire of Leedes, and of the granam of Childers.) BASTO's grandam was out of a daughter of Mr. eedes's Bald Peg, and got by Old Spanker. Bald Peg, (Baſto's reat grandam,) was bred by Lord General Fairfax, out of a mare the ſame name, and got by his Lordſhip's Morocco Barb.

BASTO won ſeveral Matches at Newmarket, but the accounts are ſufficient for ſeveral years in mentioning the ſums, that he, as ell as many other horſes ran for at that place; but the horſes ASTO beat, &c. are as follow, viz. in October, 1708, at 8ſt. 3lb. e beat the Lord Treaſurer's Squirrel, 7ſt. 12lb. four miles; and in ovember following, at 8ſt. 5lb. he beat the Lord Treaſurer's Billy, t. 3lb. five miles. In March 1709, BASTO, at 8ſt. 5lb. beat Lord aylton's Chance, 7ſt. four miles; and in October following, at t. 7lb. he beat Mr. Pulleine's Tantivy, 8ſt. 5lb. five miles. In 710, BASTO, carrying 8ſt. 7lb. beat the Marquis of Dorcheſter's riſk, 8ſt. 3lb. four miles. He then became a Stallion in the Duke Devonſhire's Stud, and died about the year 1723.

BASTO was looked upon, when in keeping at Newmarket, to e in a very high form for running; he had an appearance of pride nd ſpirit, which added greatly to his figure; was remarkably ong, and allowed to be the moſt beautiful horſe of his colour that n this kingdom.

of the Duke of Devonſhire's Old Coquette, Gim-

crack, Soreheels, and Little Scar*; of the Duke of Rutland's Black-eyed Susan, Dimple, and Brown Betty, (dam of Mr. Cole's Fox-hunter); he also got the dam of Bay Motte, Old Crab, Blacklegs, Hip, Puff, Snip, &c. and grandam of Mr. Vernon's Milliner, the Duke of Grafton's Magnet, Madam, &c.—He covered very few mares besides the Dukes of Devonshire's and Rutland's.

The BYERLEY TURK, (sire of BASTO,) was Captain BYERLEY's charger in Ireland, in King William's wars, (1689, &c.) and afterwards proved a most excellent Stallion, though he did not cover many well-bred Mares.—He was sire of the Duke of Kingstone's Sprite, who was allowed to be nearly as good as Leedes; of Sir Roger Moyston's Jigg, (sire of Mr. Crofts's Partner); of the Duke of Rutland's Archer and Black-Hearty, (sire of Bonny-Black); of Lord Bristol's Grasshopper, Lord Godolphin's Byerley Gelding, Mr. Knightley's Mare, &c. all in very high forms as racers.—He got the dams of Lord Halifax's Farmer Mare, (dam of his Lordship's Miss Halifax,) Sir W. W. Wynn's Looby, Mr. Smales's Childers, &c.—The great grandam of Lord Godolphin's Whitefoot, Wryfoot, and Morat, which grandam of the said three, was the dam of Grey Ramsden, and great great grandam of the Bolton Fearnought.

OLD SCAR,

Bred by WILLIAM CROFTS, *Esq. of Barforth, Yorkshire; and sold to the Duke of* DEVONSHIRE.

OLD SCAR was got by Makeless; his dam by Lord D'Arcy's Counsellor; grandam by Brimmer, a daughter of Place's White Turk, out of Mr. Layton's Violet Barb Mare.

At Newmarket in October, 1710, OLD SCAR, at 8st. 7lb. beat Lord Porchester's Bay Wanton, 9st. four miles. At Newmarket in April, 1712, He beat Lord Harvey's Ladythigh, 8st. each, four miles. In April, 1713, He beat Ladythigh, a second time, 8st. each, three miles. He also, in the same month, beat Ladythigh, a third time, 7st. 3lb. each, three miles. After which he became a Stallion in his Grace's Stud, and was sire of some eminent Running-Horses and Brood-Mares.

MAKELESS was got by Sir Thomas Oglethorpe's Arabian, and greatly esteemed for running, as also for a Stallion.—He was sire of Sir Ralph Milbanke's famous Black Mare, who was the dam of Mr. Hartley's noted Blind Stallion.—He also got the dam of Bay Bolton and Lamprie; the dam of Mr. Egerton's Counsellor, the dam of Mr. Crofts's Bustard, and grandam of his Flintshire Lady; the grandam of Old Cartouch, &c.

* At Newmarket in April, 1731, LITTLE SCAR won a Match against the Duke of Bolton's Fearnought, *8st. 7lb. each*, four miles, 500gs.

BAY BOLTON, firſt called BROWN LUSTY,

(A BROWN-BAY HORSE—FOALED IN 1705,)

Bred by Sir MATTHEW PEIRSON, *Bart. of Yorkſhire; and ſold to the Duke of* BOLTON.

BAY BOLTON was got by Grey Hautboy, (bred by Sir William Strickland); his dam was a black mare of Sir Matthew Peirſon's, got by Makeleſs; grandam by Brimmer, a daughter of Diamond, out of a full ſiſter to the dam of Old Merlin.

At York, in 1710, BAY BOLTON, (then five years old, and the firſt time of his running) won Queen Anne's Gold Cup, for ſix years old horſes, 12ſt. four-mile heats, beating eight ſix years old horſes; a caſe very rare, eſpecially at a place ſo eminent, and in a county, at that time, renowned above all others in the kingdom, for producing high-bred horſes, and the greateſt number of them: BAY BOLTON alſo won the Subſcription-Purſe at Middleham-Moor, and the Rich Prize at Quainton-Meadow. He was then ſold to the Duke of Bolton, who ſent him to Newmarket, where he won a Match againſt the Duke of Somerſet's Wyndham; one againſt Sir Matthew Peirſon's Merlin; and two againſt Mr. Frampton's Dragon.

BAY BOLTON was eminent both for his figure and running, and likewiſe as an excellent Stallion, which will be found in the various Pedigrees. He died in the Duke of Bolton's Stud, at Bolton-Hall, Yorkſhire, about the year 1736, being upwards of 30 years of age.

LAMPRIE,

(A GREY HORSE—FOALED IN 1715,)

Bred by Sir MATTHEW PEIRSON, *Bart. of Yorkſhire; and ſold to* THOMAS PANTON, *Eſq. of Newmarket.*

LAMPRIE was own brother to BAY BOLTON; and their dam was alſo the dam of Sir Matthew Peirſon's LUGGS MARE, a daughter of Darley's Arabian, ſire of Childers.

In 1721, LAMPRIE won a Match at Newmarket, beating a mare of the Duke of Somerſet's; he alſo won the King's Plate at Lewes. He then became the property of Mr. Neale, in whoſe poſſeſſion he won the King's Plate at Newmarket in October, 1721; after which [illegible] ſold to Sir William Morgan, Bart. in whoſe hands he won [illegible]'s Plate at Newmarket in April, 1722; and beat Lord [illegible]yne's Rake, a Match for 200gs; and, on the ſame day, re[illegible] 150gs forfeit from Rake:—He alſo won a Match of 200gs [illegible]ord Tankerville's famous Sophoniſba; one of 40gs from Mr. [illegible]ood's Pu[illegible] and received 100gs from the Carliſle Gelding.

LAMPRIE was ſire of ſome excellent horſes; but was unfortunately killed at the time of his becoming a favourite Stallion.

HAUTBOY, (ſire of GREY HAUTBOY, that got BAY BOLTON and LAMPRIE,) was bred by the D'ARCY family, and got by the White D'Arcy or Sedbury Turk, out of a Royal Mare.—King Charles the Second ſent abroad the Maſter of the Horſe, (which was ſaid by ſome to be Sir Chriſtopher Wyvill; and by others, Sir John Fenwick,) in order to procure a number of *foreign high-bred Horſes and Mares for Breeding*; and the Mares thus procured by the King's intereſt, and brought into England (as alſo ſeveral of their off-ſpring) have been called *Royal Mares*; one of which was the dam of HAUTBOY.—He was never trained for Racing, and was well known to Sportſmen and Breeders by the name of *Wilkes's Old Hautboy*. He was ſire of Old Wyndham, Mr. Fell's Painted Lady, Sir John Parſon's Ploughman, Farmer, and Clumſy, all three bred by Mr. Wilkes; the latter of which was ſire of Old Fox and Fox-Cub.—HAUTBOY alſo got the Mare that was the dam of Mr. Darley's Almanzor, Terror, and Champion; the dam of Mr. Liſter's Snake; the dam of the ſire of the Gardener Mare, and ſeveral others.

BROCKLESBY BETTY,

(A DARK CHESNUT MARE—FOALED IN 1711,)

Bred by CHARLES PELHAM, *Eſq. of Brocklesby, Lincolnſhire.*

BROCKLESBY BETTY, as a runner, was thought to be ſuperior to any Horſe or Mare of her time, notwithſtanding ſhe was a Brood-Mare before ſhe was trained. BETTY was got by the Curwen Bay Barb, (ſire of the dam of Mr. Croſts's Partner); her dam was called the *Hobby Mare*, (bred by Mr. Leedes,) got by Liſter's Turk.

At Newmarket in April, 1716, BETTY (then riſing five years old) beat a Mare of the Duke of Devonſhire's for 100gs; and in Auguſt following, She beat ten Mares for the Royal Cup at Hambleton. In April, 1717, BETTY beat eight Mares for the Royal Cup at Newmarket. In Auguſt, She won the Silver Tea Board at Lincoln; and the Gold Cup, value 60l. for ſix-year olds, 10ſt. four-mile heats, at York, beating, at three heats, Mr. Leedes's roan mare, Sophoniſba, by Old Spanker; and Colonel Frankland's Squirrel: Betty was rode by John South; Sophoniſba by Stephen Jefferſon; and Squirrel by Thomas Errett. In October following, She beat four Horſes for the Royal Cup at Newmarket. In April, 1718, BETTY beat ſix Horſes for the Royal Cup at Newmarket; and in May following, She beat the Duke of Wharton's Snail, for 200gs.—BETTY afterwards won a Match of 900gs a-ſide, againſt the Duke of Bridgewater's Aſtridge-Ball, ſon of Leedes; who was, at that time, ſuppoſed to be the beſt horſe *in the kingdom*.

BETTY then became a favourite Brood Mare in Mr. Crofts's Stud, and will be frequently met with in the following Pedigrees.

BROCKLESBY, (foaled in 1723,) bred by Mr. CROFTS, and got by Old Greyhound, out of Brocklesby Betty. He won the Contribution Stakes at Newmarket, in October, 1728, beating Lord Halifax's Stroxton-Grey, Lord W. Manners's Archer, Duke of Devonshire's Blue-Cap, Duke of Somerset's Patch-Buttocks, Mr. Coke's Bald-Ovington, Lord Milsintowne's Surley, Duke of Bolton's Shapeless, and the Duke of Rutland's (late Colonel Howard's) Squirrel. In 1730, He won 40l. at Peterborough, beating Miss Pert, &c. and 40gs at Epsom. He afterwards won 20gs at Newark, 20l. at Spalding, 30l. at Boston, and 20l. again at Spalding. BROCKLESBY was sire of Mr. Leathes's Shepherdess, that won 50l. at Beccles, in 1745.

SNAKE,

Bred by MATTHEW LISTER, *Esq. of Lincolnshire.*

SNAKE was got by Mr. Lister's Turk, out of a daughter of Mr. Wilkes's Old Hautboy, sire of Grey Hautboy, &c. SNAKE was never in training, being rendered incapable by a tumorous swelling that attended him in his youth; and from a supposition that the same was the effect of the sting or bite of some venemous reptile, was therefore called SNAKE. He was sire of Mr. Williams's Squirrel, (own brother to the sire of the grandam of Mr. O'Kelly's famous Eclipse,) Bay Wilkinson, the Ealby Snake, Bald Peg*, of Lowther, (sire of the Ancaster Trip.) Mr. Beaver's Driver, (sire of Little Driver,) &c. he was also sire of Mr. Metcalfe's noted Old Mare, that bred Shock, Gay, Squirt, Brown Russet, Lady Caroline, Lady Betty, &c. and of the dams of Mr. Meynell's Thunderbolt, Mr. Humberstone's Stump, Mr. Howe's Foxhunter, and Mr. Aislabie's Bucephalus.

The TURK, (sire of SNAKE,) was brought into England by the Duke of Berwick, from the siege of Buda in the Reign of King James the Second; and was as often called the STRADLING as the LISTER TURK. He was also sire of the Duke of Kingstone's Brisk and Piping Peg; of the Duke of Rutland's Coneyskins; and of the grandam of the Duke of Bolton's Sweepstakes.

PEG, daughter of Snake, was a Chesnut Mare, and foaled in ; was the property of Mr. Match'em Tims; her dam was Mr. ons Galloway Mare, that won several Galloway Plates in the PEG won the Royal Plate (called *Hambleton* 25; she also won a Plate at Newcastle, the and several others.

OLD WYNDHAM,

The Property of the Duke of SOMERSET.

WYNDHAM was got by Old Hautboy, (ſon of the White D'Arcy Turk); his dam, (Crutches's dam,) by the Marſhall or Selaby Turk; grandam by Buſtler, (ſon of the Helmſley Turk); great grandam by Place's White Turk, (that got Wormwood); out of a daughter of Dodſworth.—This is the Pedigree of WYNDHAM, as it was generally given; there have been objections made to the reality of it, though there were never any plauſible reaſons for them.

WYNDHAM was ſire of the Duke of Somerſet's Cinnamon, Greylegs*, Miſs Wyndham, (grandam of Mr. Stapleton's Beaufremont,) and many other eminent Running-Horſes, &c.

The MARSHALL or SELABY TURK, (ſire of the dam of WYNDHAM) was the property of Mr. MARSHALL's brother, Stud-Groom to King William, Queen Anne, and King George the Firſt; which TURK, after his brother's deceaſe, became his own property. The ſaid TURK was ſire of Mr. Curwen's Old Spot, (that got the dam of Mixbury, and the grandam of Mr. Croſts's Partner); he alſo got the dam of Mr. Rawlinſon's Spot (afterwards Lord Portmore's); the dam of Lord Derby's Ticklepitcher; the dam of the Hampton-Court Whiteneck; the grandam of the Duke of Bolton's Sloven and Fearnought; the grandams of Mr. Cowling's Peggy-grieves-me, Whitenoſe, and Richmond Ball.

BONNY BLACK,

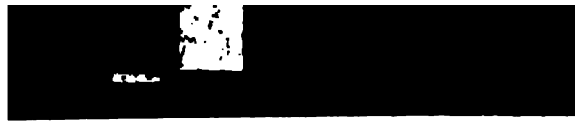
(A BLACK MARE—FOALED IN 1715,)

Was bred by and the Property of the Duke of RUTLAND.

BONNY BLACK was a mare of great eminence, having a very conſiderable ſhare of ſpeed, and alſo poſſeſſed of goodneſs to ſupport her running. She was got by a Stallion of his Grace's own, called Black-Hearty, a ſon of the Byerley Turk.

At Newmarket, in April, 1719, BONNY BLACK, (then riſing four years old,) beat a horſe of Mr. Frampton's (riſing ſeven,) at 10ſt. each; and in Auguſt following, She won the King's Plate at Ham-

* GREYLEGS was out of a Barb Mare.—In 1730, He won the King's Plate at Ipſwich, beating Mr Fauquier's Dimple, Mr. Howe's King's Usher, &c. and a Sweepſtakes of 180gs, four miles, at Newmarket, in October following, beating the Duke of Devonſhire's Polly, Lord Halifax's Juſtice, Lord Godolphin's Slamerkin, and Lord William Manner's Foxhunter.



ſeveral Plates and Matches there, and ſupported the ſeverity of running Trials at Newmarket for many years; and when ſold from thence, though *fourteen* years old, he won the following Plates, viz. 50gs at Huntingdon, 50l. at Warwick, 50l. at Bath, twice 40l. at Peterborough, 40l. at Lichfield, 30l. at Stratford, 30l. at Rothwell, 30l. at Rugby, 30l. at Boſton, 25l. at Welſh-Pool, Wales; 25l. at Newmarket, 20l. at Lichfield, 20l. at Leiceſter, 20l. at Newcaſtle-under-Lyme, 20l. at Melton, 20l. at Spalding, 15l. at Northampton, and when running for a Plate at Salterley-Common, BUCKHUNTER broke a leg, (after winning the firſt heat) which deprived him of his life, and he was buried near to the Pails of Stilton Churchyard, where he happened his misfortune, in the year 1731.

Though BUCKHUNTER was in a very high form, yet there were horſes of his time that would beat him; but he had rarely an equal, and hardly ever a ſuperior, with relation to thoſe principal points of being capable of running with all degrees of weight, of ſupporting repeated heats, of travelling and running often, and continuing the whole for ſo great a number of years, and to the age that he did. The exceſſive ſpirits of his youth, rendered him almoſt ungovernable, and cauſed him to be caſtrated, which loſt to Breeders a promiſing Engliſh Stallion.

The BALD GALLOWAY, (ſire of BUCKHUNTER,) was bred by Captain RIDER of Whittleberry-Foreſt, Northamptonſhire.—He was got by a Barb of Monſieur St. VICTOR of France, well known to Sportſmen by the name of the ST. VICTOR'S BARB; his dam was a mare of Captain RIDER'S, got by Mr. Fenwick's Whynot, (ſon of his Barb); his grandam was a Royal Mare.—The BALD GALLOWAY was alſo ſire of Lord Portmore's Snake and Daffodil; Mr. Elſtob's Cartouch; Mr. Duncombe's Dart, (that won the King's Plate at York, in 1722); he alſo got Mr. Howe's Foxhunter and Grey Ovington; Bald Ovington, Roxana, (Cade and Lath's dam); Silverlocks, (Brilliant's grandam,) and ſeveral others that won Plates in the North, which brought him into great repute as a Stallion.—He covered at the Oak-Tree, Leeming-lane, Yorkſhire, where he died.

---

truſt with William Redman, Eſq. Lord Mayor of the City of York.—It being ſettled by the Court, (before which the cauſe was heard,) that all ſuch horſes, &c. as were not diſtanced had an equal right to the Cup Mr. Childers and Mr. Peirſon; as likewiſe Mr. Young and Mr. Moore (who each of them ſtarted a horſe for the firſt, ſecond, and third heats) ſold their ſhares for 25gs each; two of which was purchaſed by the Duke of Rutland, one by the Earl of Carliſle, and the other by Sir William Lowther, Bart. who agreed that it ſhould be run for over again in the year 1719;—when it was won by BUCKHUNTER; beating, at three heats the Duke of Rutland's bay mare, and Sir William Lowther's Whitefoot hunter was rode by Match'em Tims, who was then in great eſteem

FOX, commonly called OLD FOX,

(A BAY HORSE—FOALED IN 1714,)

Bred by Sir RALPH ASHTON, *Bart. and sold to* MATTHEW LISTER, *Esq.*

Sir Ralph Aſhton purchaſed two Mares of Mr. Leedes, and had them both covered in one feaſon (1713) with Clumſy, (ſon of Mr. Wilkes's Hautboy); one of which produced Fox, the other Fox-Cub or SQUIRREL;—the dam of Fox was called Bay Peg, got by Leedes's Arabian; grandam, Young Bald Peg, by the ſame Arabian, (ſire of Leedes,) out of Spanker's dam.

At York in 1719, Fox won the Ladies' Plate for five-year olds, 10ſt. four miles, beating Lord Lonſdale's Bay Jack, Duke of Ancaſter's Blacklegs, and nine others. He was then ſold to the Duke of Rutland, in whoſe poſſeſſion he beat the Duke of Wharton's Stripling, at Newmarket, for a conſiderable ſum. He won two King's Plates at Newmarket; the King's Plate at Lewes; and received 250gs from the Duke of Wharton's Swallow. In the mean while, Heſletine took the opportunity of communicating, by letter, into Yorkſhire, the propoſed offer to Sir William Strickland, Bart. who was principally concerned in making the Match;—Sir William returned for anſwer, *that he might accept of it; and inſtructed Heſletine to be ſure to deceive his competitor by letting Merlin carry* ſeven pounds *more weight than that agreed upon; and at the ſame time laying a particular injunction on ſecrecy.* Soon after Heſletine received this hint, he conſented to the propoſal; but previous thereto, Mr. Frampton had given his Groom ſimilar inſtructions.—The two horſes were prepared, ſtarted, and ran over the Courſe agreed to in the Articles of the Match; when *Merlin* beat his Antagoniſt ſomething more than a length of excellent running.—This being communicated to each party by their ſecret and faithful Grooms, who both rode the trial, flattered each with certain ſucceſs: *Merlin's* friends obſerving, that as he had beat the other with ſeven pounds more weight, he would win his race eaſy.—On the other ſide, ſays Mr. Frampton, as my horſe ran *Merlin* ſo near with ſeven pounds extra weight, he will win his race to a certainty. Immediately after, propoſals were made on both ſides to a very enormous amount, and accepted; and it has been aſſerted, that there were more money betted on this event, than was ever known; ſome Gentlemen not only ſtaking all the caſh they were able to advance, but their other property alſo. BLAZE was then sold to Sir Harry Harpur, Bart. in whose possession he won 40gs at Epsom, beating Lord Portmore's Squirt, and Mr. Grisewood's Ladythigh; 50gs at Guildford, beating Sir A. Henley's Merry-Cupid, and Lord Weymouth's Scrutineer; 50gs at Reading, beating Mr. Friend's Pebblestone, Mr. Beaver's Driver, and Mr. Turner's Lath; 50l. at Chipping-Norton; and 50gs at Oxford, all of which he won in a very high form.

BLAZE afterwards became the property of Mr. John Luck and Mr. Joseph Smith, of Beverley, Yorkshire, and was sire of Mr. Robinson's Sampson; Lord Rockingham's Scrub; Mr. Nelson's Blacklegs, Blaze-Royal, and Greylegs; Mr. Witty's Grenadier; Mr. Osbaldeston's Tinker; Mr. Elsley's Whittington; and Sir William St. Quintin's Cypron, that bred Dapper, Dumplin, King Herod, Holyhock, Lady Bolingbroke, Protector, &c. He got the dam of Mr. Pratt's Sod, Florist, &c. and the dam of Mr. Burlton's Young Slider, Sappho, Semele, and Seraphina. He covered but few mares, and died in the year 1756, aged 23.

GREY GRANTHAM (sire of the dam of BLAZE) was got by the Brownlow Turk, who also got the dam of the Bolton Starling.—GREY GRANTHAM was sire of Miss Belvoire, Shadow, and the Grantham Filly, all in a very high form; he also got Mr. Green's Galloway, a very good runner at light weights, and several others.

The above is the Pedigree as generally given of BLAZE, and as there have been various opinions respecting the truth; the following is copied from the late Mr. CHENEY:—"I have," says he, "been informed, but cannot say that I absolutely depend upon the truth of the whole, that the *Confederate Filly* was out of a Mare called *Young Bets*, got by a Turk of the late Duke of Rutland's, and her dam called *Whirligig*, was full sister to Leedes."

CARELESS,

(A CHESNUT HORSE—FOALED IN 1733,)

Bred by WILLIAM CROFTS, *Esq. of Barforth, Yorkshire; sold to the Earl of* HALIFAX, *and afterwards to Mr.* GRISLWOOD.

CARELESS was got by Bloody-Buttocks, out of an own sister to Lord Halifax's Goliah, *page* 22, and was the dam of Mr. Grisewood's Ladythigh, *pages* 45 and 46.

At Newmarket in October, 1738, CARELESS beat the Duke of Bridgewater's Poker, 8st. 12lb. each, four miles, 200gs. He was sold to the Duke of Beaufort, who ran him in the name of HAZARD; and in 1739, He won 30gs at Wells, Somersetshire; and 80gs at

CADE,

(A BAY HORSE—FOALED IN 1734,)

Bred by and the Property of the Earl of GODOLPHIN.

CADE was got by his Lordſhip's Arabian, out of *Roxana*, the dam of Roundhead and Lath, *page* 53.

At Newmarket in October, 1740, CADE won the King's Plate, beating, at two heats, Mr. Martindale's Sedbury, Sir Michael Newton's Elephant, and the Duke of Devonſhire's Blackſilver. CADE ſtarted at Newmarket in April, 1741, when he was beat by Sedbury. He only ran three or four times, and proved unſucceſsful.

CADE was ſold to Mr. Thomas Meredith of Eaſby, Yorkſhire, where he became a favourite Stallion, and was ſire of Match'em, Changeling, Young Cade, and a great number of celebrated Racers, Stallions, and Brood-Mares, as will be found in the various Pedigrees.

CADE died at Eaſby, in September, 1756, aged 22.—He covered in the ſpring of that year at 10gs and 2s. 6d.

The GODOLPHIN ARABIAN (a Brown Horſe, foaled in 1724, and about 15 hands high) was firſt the property of Mr. COKE, who gave him to Mr. ROGER WILLIAMS, Keeper of the St. James's Coffee-Houſe, by whom he was preſented to the Earl of GODOLPHIN, in whoſe poſſeſſion he continued, as a private Stallion, till his death.—He was Teazer to Hobgoblin in the years 1730 and 1731, and on the latter refuſing to cover *Roxana*, ſhe was put to the Arabian, and from that cover produced Lath; the firſt horſe the Godolphin Arabian got. To thoſe who are thoroughly converſant with the Turf, it would be ſuperfluous to remark, that he undoubtedly contributed more to the improvement of the breed of horſes in this country, than any Stallion before or ſince his time: It would be equally unneceſſary to enumerate his get, but to thoſe who are leſs acquainted with the Annals of Racing, ſuffice it to ſay, that he was ſire of Cade, Regulus, Blank, Babram, Bajazet, and Old England; and may ſerve as a proof of the remark, that *every ſuperior Horſe of the preſent day partakes of his valuable blood.*—He died at Hogmagog in 1753, in the 29th year of his age, and is buried in a covered paſſage, leading to the ſtable, with a flat ſtone over him, without any inſcription.—In regard to his Pedigree, from all that can be learned, none was brought into England with him, as it was ſaid, and generally believed, that he was ſtollen.—It may appear trifling to notice the extraordinary affection ſhown by this Arabian to a Cat, who lived in his ſtable; and which was more particularly manifeſted by his extreme inquietude on the death of that animal.

ROXANA (a Chefnut Mare, foaled in 1718) was bred by Sir WILLIAM STRICKLAND, Bart. who fold her to Mr. Thomas Ovington.—She was got by the Bald Galloway; her dam, (fifter to Chaunter, *page* 24) by the Acafter Turk; grandam by Mr. Leedes's Arabian, (fire of Leedes) out of a daughter of Spanker.—In 1724, ROXANA won the 40l. Plate, for fix-year olds, 10ft. four-mile heats, at York, beating Mr. Metcalfe's Mifs Hoyden, and Mr. Bourchier's Merry Harrier.—She alfo won feveral other Plates and Prizes.—She was a Brood-Mare in Lord Godolphin's Stud, and died in 1734, when Cade was about 10 days old; from which circumftance, he was fed with cow's milk, and on that account he was named CADE.——"To Cade, to breed up in foftnefs."—*Johnfon's Dict.*

This was the laſt time of his running.

SEDBURY was a horſe of exquiſite beauty, of great juſtneſs of ſhape and form, and was indiſputedly the beſt horſe of his ſize, at the time of his running. In 1745, He covered mares at 5gs each, at Mr. Carter's, the New Salutation, in Leaming-Lane, near Richmond, Yorkſhire; and was ſire of Sir Robert Eden's Miſs Weſtern; Mr. Mann's Tantivy and Neptune; Mr. Roger's Soldier; Mr. Curzon's Alfred; Mr. Hale's Miſs Doe, and ſeveral others.

SEDBURY died about the year 1759, aged 25.

The OLD MONTAGUE MARE (at the time of the cover for SEDBURY) belonged to Lord D'ARCY of Sedbury, whoſe death ſoon after enſuing, ſhe became the property of a near relation of his Lordſhip's, viz. ANDREW WILKINSON, Eſq. of Boroughbridge, Yorkſhire, in whoſe poſſeſſion he was foaled.—SEDBURY before he was a year old, was ſold to Mr. Mann of Boroughbridge; and Mr. Wilkinſon, after he was turned eighty years of age, often uſed to ſay, "that he had ſold the beſt horſe in England for FIVE GUINEAS, and never rued after."—The OLD MONTAGUE MARE was got by Lord D'Arcy's Woodcock, (ſon of Buſtler, ſire of Old Merlin); her dam, (the cauſe of her name) was bred by Lord Montague of Cawdry, Suſſex, a nobleman eminent for his breed of fine horſes (and running many of them) in the reign of King Charles the Second.—She was alſo the dam of Mr. Mann's Darby, (ſon of Childers) a very promiſing colt in 1743; but only ſtarted once, which was at Carliſle, againſt Mr. Croſts's Teazer, and was ſecond both heats.—He died ſoon after.

TRAVELLER,

(A BAY HORSE—FOALED IN 1735,)

TRAVELLER (own brother to Mr. Oſbaldeſton's Maidenhead*) was got by Mr. Croſts's Partner; his dam by Almanzor; grandam (Lord Portmore's Spinner's dam) by Grey Hautboy; great grandam by Makeleſs, out of a daughter of Brimmer.

In 1739, TRAVELLER won the Plate, for four-year olds, 9ſt. three miles, at Hambleton, beating Sir N. Curzon's Briſk, and 9 others.

*MAIDENHEAD won the Galloway Plate at York, in 1738; alſo ſeveral other Galloway Plates, and was a good runner at light weights.

In 1740, He ſtarted for the 50l. for five-year olds, at Wakefield, when he won the firſt heat from Mr. Walker's Bumper, Mr. Lawſon's Childers, and Mr. Conſtable's Cottingham; but his Rider being accuſed of foul-play, he was not permitted to ſtart again for that Plate. In 1741, He won the Annual Plate at Kipling-Coates*, beating Mr. Smith's Cripple, and Mr. Clarke's Dotterel; 50l. at York, for horſes, &c. 11ſt. four-mile heats, beating Mr. Scroope's Windſor, Sir J. TRAVELLER (though well-bred) at the prime of his covering, ſcarcely ſerved any mares, except *common ones*, and thoſe chiefly galloways; but a few of his get running pretty well out of indifferent mares, induced ſome breeders in the neighbourhood of Yarm, to put ſome well-bred mares to him; notwithſtanding, he remained hardly noticed, till Dainty-Davy and Squirrel appeared on the Turf, but at that time, he was nearly paſt covering; otherwiſe there is not the leaſt doubt, but that he would have got as many good runners as any Stallion whatever.—When Squirrel ran at Newmarket his ſtock became valuable.

ALMANZOR (ſire of the dam of TRAVELLER, &c.) was a Cheſnut Horſe, and foaled in 1713.—He was bred by JOHN BREWSTER DARLEY, Eſq. of Aldby-Park, near York; and got by his Arabian, (ſire of Childers); his dam, (who formerly belonged to Sir

*The Prize at Kipling-Coates was founded by a body of Foxhunters, (appointing it to be annually run for on the third Thurſday in March) who taking an affection to the Wolds of that part of Yorkſhire, (in ſome meaſure reſembling the Downs of the Southern counties) were pleaſed to depoſite a ſum of money, from whence the Prize annually ariſes; and though only 10gs, yet the time of running for it being in the infancy of the ſeaſon, it has been looked upon as a proper teſt-trial, or proof for horſes, how they have come through the winter, and many of conſiderable [illegible] North have often ſtarted for the ſame.

Matthew Peirſon) by Mr. Wilkes's Old Hautboy, which mare was alſo the dam of Terror and Champion, *page* 24.—ALMANZOR was ſire of Mr. Darley's Almahide, (out of Grey Ramſden); Mr. Elſtob's (afterwards Sir Edward O'Brien's) Dairymaid; Mr. Vafour's Mercury; Mr. Williams's (afterwards Sir Peter Soams's) Almanzor, *page* 32; Lord Weymouth's Whynot; Mr. Green's Countrywench; and the Duke of Bolton's Mary Gray, that won the King's Plate at Hambleton in 1731.—He got the dam of Mr. Dawkins's Chance; the grandam of Mr. Maſkill's Badſticks, &c. and Mr. Simpſon's Mopping Jenny, that won the King's Plate at Hambleton in 1738, was got by a ſon of ALMANZOR.

At Newmarket in April, 1751, He won the Subſcription Plate of 50l. weight 10ſt. beating, at two heats, Lord Portmore's Oroonoko, Mr. Panton's Drudge, and Lord Gower's Squirrel.—The firſt heat was a long time very ſeverely diſputed at the riſing ground at the running up to the Ending-Poſt, between Sampſon and Squirrel, when the ſuperior ſtrength of the former prevailed, to the great joy of the Yorkſhire Gentlemen who had large ſums of money depending on him. The bets at ſtarting, were gold

to ſilver on Sampſon, and after the heat, even money againſt him; owing to Drudge (who was ſold, a ſhort time before ſtarting, to Sir Edward Hale for 350gs,) not running for the firſt heat, and who was expected to have made a better figure than he did. SAMPSON afterwards walk'd over for the King's Plates at Wincheſter and Saliſbury; won the King's Plate at Canterbury, beating, at two ſmart heats, Sir Edward Hale's Drudge; alſo the King's Plate at Lewes, beating, very eaſy, Sir Charles Goring's Tom Thumb, by Goldenlocks; and walk'd over for the King's Plate at Newmarket in October; where in April following, he ſtarted againſt Thwackum for the King's Plate, when Sampſon won the firſt heat, but not very eaſy, though the odds were then 8 to 1 in his favour; the ſecond was a remarkable fine heat, which Sampſon loſt, with the mortification of being whipped for the firſt time; and the laſt heat was cloſely conteſted for the whole four miles, and allowed to be fineſt that had ever been run between two horſes. The above were the only times of Sampſon's ſtarting; and the reaſon aſſigned for his being beat, was, that his eye-ſight (at all times tender) particularly failed him after the firſt heat; a conjecture not ill-founded, as he had beat Thwackum when they met before, this laſt race, tolerably eaſy.—Sampſon was rode by John Singleton, and Thwackum by Thomas Jackſon, who both proved themſelves to be two excellent and judicious Riders.

fore ſtarſing. At Newmarket in April, 1753, He won 50l. for ſix-year olds and aged horſes, beating, at two heats, Mr. Vernon's Crab, Sir Charles Sedley's True-Blue, and Sir John Moore's Quick-Sir; he alſo ſtarted for the Subſcription Plate of 100gs, and was ſecond the firſt heat to Lord Portmore's Skim, but was obliged to be with-drawn on account of his being again let down in his ſinews, and would never ſtand training afterwards.

(A CHESNUT HORSE—FOALED IN 1750,)

Bred by RICHARD WILLIAMS, *Esq. of Penbedw, near Holywell, Flintshire.*

FORESTER was got by Mr. Crofts's Foreſter, *(page 63)*; his dam by the Duke of Bolton's Looby, *(page 35)*, out of *Margery*, the dam of Cricket, *page 120.*

In April, 1755, FORESTER beat Mr. Slaughter's grey filly, by Sloe, dam by Wynn's Little Ball, 9ſt. each, over the Wallaſey Courſe, for 200gs; and in the ſame month, he won 50l. for horſes riſing five years old, 9ſt. four-mile heats, at Cheſter, beating Mr. Egerton's Attilius, by Regulus; and Mr. Farrington's Harmleſs.—In 1756, He won 50l. for ſix-year olds, 10ſt. and aged, 10ſt. 10lb four-mile heats, at Cheſter, beating Sir Richard Grosvenor's Trojan, aged; and diſtanced Mr. White's Trial, 6 yrs old; was for the King's Plate at Nottingham; won the King's Plate beating Mr. Hutton's Stately, Mr. Hunt's Poor Farmer,

At Newmarket in April, 1754, MARSK received 40gs forfeit from Mr. Cornwall's grey colt, by his Arabian; on the 8th of May, he won the Jockey-Club Plate of 100gs and upwards, for four-year olds, 8ſt. one heat over the Round Courſe, beating Mr. Panton's Pytho, Mr. Crofts's Brilliant, Lord Gower's Ginger, and Mr. Vernon's Beau; and in October following, MARSK, at 9ſt. beat Lord Trentham's Ginger, by Shock, 8ſt. 9lb. B. C. 300gs.

MARSK only ſtarted three times beſides the above, viz.—in April, 1755, when he was beat by Brilliant and Syphon; in April and May, 1756, when he was beat in two Matches by Snap; and in October following, he paid forfeit to Spectator.

MARSK was a private Stallion till the death of His Royal Highneſs the Duke of Cumberland, which happened in the year 1765.—He was ſold at His Royal Highneſs's Sale, at Mr. Tatterſall's, to a Farmer, for a trifling ſum, being conſidered a very indifferent Stallion; and in 1766, He covered Country Mares, in Dorſetſhire, at Half-a-Guinea: He was afterwards purchaſed by Mr. Wildman for 20gs, the ſeller being highly pleaſed that he had quitted with, as he thought, a *bad bargain*.

In 1767, He covered at Biſtern, near Ringwood, Hants, at 3gs and 5s.; in 1769, at Gibbons' Grove, near Leatherhead, Surrey, at 5gs and 5s.; and in 1770, at 10gs and 5s; after which, he was advanced to 30gs and 5s.—MARSK ſoon became, *by the unparalleled Performances of the famed* ECLIPSE, to be the firſt Stallion in the kingdom; and was, in conſequence thereof, purchaſed by the Earl of Abingdon for 1000gs, and ſent to his Lordſhip's Stud at Rycot, in Oxfordſhire, where he covered, previous to his death, which happened in July, 1779, at 100gs and one guinea the Groom.

The firſt of MARSK's get that ſtarted, was His Royal Highneſs's cheſnut filly, (out of Lord Pomfret's Saracen's dam) that beat Lord Bolingbroke's bay filly, by Lord Gower's Stallion, (out of Marotte's dam) 8ſt. 7lb. each, over the Duke's Courſe, for 300gs, at Newmarket, in April, 1765.

STATELY was beat for the King's Plate at York, by Mr. Williams's Foreſter; after which, ſhe was ſold to Sir Richard Groſvenor, Bart. At Newmarket in October, 1757, STATELY, 8ſt. 11lb. beat Lord Waldegrave's Pytho *, 8ſt. 6lb. B. C. 200gs. At Newmarket in March, 1758, She won 50l. for ſix-year olds, 8ſt. 7lb. and aged, 9ſt. R. C. beating Lord Orford's Pickle, 6 years old; and the Duke of Cumberland's Ranger, aged:—Stately won ſo eaſy, that they ran but one heat. She alſo won 50l. at Lichfield, beating Adolphus, at two heats, carrying 10ſt. each.

STATELY was a Brood-Mare in Lord Groſvenor's Stud, but did not produce any thing of note.

SYPHON,

lock's Spot. At Newmarket in April, 1755, SYPHON ſtarted for 50l. and was ſecond to Brilliant, beating Marſk, and 5 others. He only ſtarted once after, but broke down in running.

SYPHON firſt covered at Giddens, between Canterbury and Dover, at one guinea and 2s.;—in 1765, he covered at Ellerton, near Catterick, Yorkſhire, at 3gs and 2s. 6d.; and in 1771, he was advanced to 5gs and 5s. The firſt winner of his get was Mr. Shafto's Daiſy, that won the 50l. for three-year olds, at Newmarket in October, 1770, beating Lord Bolingbroke's Gracchus, and nine others:—He was alſo ſire of

Mr. Bower's Anna-Maria,
Mr. Pratt's Toſſpot,
Sir Charles Bunbury's Margaretta,
Lord Groſvenor's Sweetwilliam,
Lord Groſvenor's Sweetbrier,
Lord Abingdon's Tycho,
Mr. Parker's Thiſtle, (that won the Queen's Guineas at Chelmsford, in 1775)
Mr. Foley's Enterpriſe and Paſtor,
Sir John Moore's Tipſey,
Lord Stanley's Proſpero,

Mr. Bethell's Mackarel,
Mr. Ayrton's Lucy, (that won the Port Stakes at Pickering, in 1779)
Mr. Hutchinſon's Hermit,
And ſeveral others.

SYPHON was ſire of the dam of Miſs Blanchard, Cowſlip, Young Highflyer, Maid of All Work, &c.; of the dam of Mr. Stapleton's Tommy, Sir Thomas Gaſcoigne's Violet, (dam of Symmetry, Slapbang, Lenox, &c.); of the dam of Mr. Cradock's Pencil, Guide, Tiptoe, &c.; of Mr. Pratt's Meretrix, Privateer, &c.

There can be little doubt but SYPHON would have got as many good Horſes as any Stallion of his time, if he had only ſerved proper Mares when he firſt began to cover in 1757; for it appears that until he came to Ellerton, there had not been any Mares of note ſent to him.—Daiſy's dam (a Cadormus Mare, out of Childerkin,) was put to SYPHON in 1766; Sweetwilliam's dam (a ſiſter to Twig,) in 1767; and Sweetbrier's dam (a Shakſpeare Mare, out of Miſs Meredith,) in 1768;—therefore, as Daiſy, in October, 1770, was the *firſt* winner; Mr. Bower's Anna-Maria, (which won 50l. for four-year olds, at York, in 1771,) the *ſecond;* and as Sweetwilliam did not ſtart until the 11th of May, 1772; and Sweetbrier not till the Newmarket Firſt October Meeting, 1773;—SYPHON then might be juſtly conſidered to be too far advanced in years to get many Racers of note.—Tandem was got in 1772; and Mr. Hutchinſon's Hermit, not till 1775; SYPHON being then in his 25th year.

PATRIOT (ſire of the dam of SYPHON) was a Brown Horſe, foaled in 1729, and bred by the Duke of BOLTON.—He was got by Bay Bolton; his dam by Jigg, (ſire of Partner, out of *Old Lady*, the grandam of his Grace's Starling, *page* 33.—At Newmarket in October, 1734, PATRIOT beat the Duke of Devonſhire's cheſnut horſe, by Childers, out of Old Ebony, 8ſt. 7lb. each, four miles, for 300gs.

In 1757, CARELESS won the King's Plate at Guildford, beating Mr. Rogers's Newcaſtle Jack, who was drawn after the firſt heat; the King's Plate at Wincheſter, beating Mr. Swymmer's Monock, who alſo ran but one heat; walk'd over for the King's Plates at Saliſbury and Canterbury; won the King's Plate at Lewes, beating, at one heat, Mr. Rogers's Newcaſtle Jack; walk'd over for the King's Plate at Lincoln; and won the King's Plate at Newmarket in October, beating the Duke of Kingſton's Prince T'Quaſſaw:—They ran the firſt heat in eight minutes and 45 ſeconds; and the ſecond heat in 8 minutes and 40 ſeconds. He alſo walk'd over for the King's Plate at Newmarket in April, 1758, which was the *tenth* of his winning, and the only ones he ever ſtarted for. He won 50l. weight for age, at Nottingham, beating eaſy Sir Richard Groſvenor's Stately, aged; allowing her 8lb.; he was beat, *(for the firſt time)* at three heats, by Atlas, at Huntingdon; but ten days after, he won the 100l. Plate, 10ſt. 7lb. each, at York, beating the Duke of Kingſton's Prince T'Quaſſaw, who was drawn after the firſt heat:—At ſtarting, 7 to 4 to 1 on Careleſs.
